

Natural Sun-Dried Apricot No: 3 (Large)

Large size (No: 3, 121-140 pcs/kg) sun-dried apricot obtained by unsulphured sun drying. A natural selection where fruit size and price meet in balance.

Natural Sun-Dried Apricot No: 3 (Large) (121-140 pcs/kg) is the large-medium calibre class of unsulphured, naturally dried Malatya apricot. While offering a size close to the upper grades, it is frequently preferred by herbalists and export packers due to the price advantage it provides per kilogram.

Main Areas Of Use

- › Herbalists & Health Chains
- › Export Packaging
- › Hotels & Catering

The calibre (pcs/kg) and nutritional values in the table are based on Malatya apricot standards, industry practice and supply chain experience; exact values are confirmed by lot analysis. For serious wholesale purchase enquiries we consider your sample request; the sample fee charged is calculated over the retail reference unit price, and the courier/freight cost belongs to the buyer.
