

Natural Sun-Dried Apricot No: 4 (Standard)

The standard size (141-160 pcs/kg) that brings the taste of unsulphured sun-dried apricot within every budget. The grade most requested by herbalists, retailers and diet pack producers.

Natural Sun-Dried Apricot No: 4 Standard (141-160 pcs/kg) is one of the widely consumed, fast-turnover standard sizes of unsulphured, naturally dried Malatya apricot in the commercial market. While offering a price advantage compared to larger sizes, it makes no compromise on its natural quality or nutritional value.
